## **INVITATION FOR PUBLIC COMMENT/QUESTIONS**

---

The Mayor asked if anyone wished to be heard.

Johanna Woodams of 312 Hamilton Boulevard spoke of Macey's Pizza and her concerns about the parking at the corner, in a no parking zone. She said that customers are parking right at the corner (sometimes double parking) in order to pick up their meal order. This, she feels is an accident waiting to happen as it blocks sightlines for both pedestrian and vehicular traffic. She feels the Kenmore Police need to do more to patrol this area.

Mayor Mang said that the Village is aware of the issue and that the presence of a fire hydrant adds to the problem.

Police Chief Phillips stated that KPD is aware of the problem and that this is not a new thing. The problem, he explained, is that the customers are just picking up order and are trying to get in and out as quickly as possible. This makes enforcement very difficult as they are in and out of Macey's before tickets can even be written. They are a high-volume business with limited parking available. He stated that he is working with the Department of Public Works to come up with the best solution. He said they will be striping the area. They are also considering the installation of flex cones.

Ms. Woodams stated that the temporary sign placed on street seemed to be effective. Police Chief Phillips replied that it was, but that the Village is working on a more permanent solution. He noted that this location presents a unique problem because of the number of customers and the nature of the business means that customers are parking for very short periods of time.

There were no questions or comments.

The meeting was adjourned.

The next meeting of the Board of Trustees will be held on September 16<sup>th</sup>, 2025, at 7:30  
p.m.
